ANTIQUES

2023 is in full swing and we are beyond excited to be returning to Antiques and Garden Show in Nashville, TN, February 2-5. Our booth will be brimming with fresh pieces and most have been stashed away just waiting for this show! We will be in the same location as last year. Tickets are already on sale and can be purchased at the show's website, <https://antiquesandgardenshow.com>. If you have never attended, this is one of the most beautiful and special shows we do. Exhibit hall, the spacious Music City Center, is filled with top notch, curated dealers in a setting beautifully decorated with thousands of fresh flowers and specially erected gardens and fountains. Last year a greenhouse and koi pond were even installed for the week! Check out this year's lecturers and make plans now to attend the show and stop to see us!
